Gossip About Noted People

Andrew Johnson's End. TERE was one man of those

whom he considered his enemies whom President Johnson had not forgiven, relates W. H. Crook in The Century. It was peace. only a day or two after he took his seat in the senate that he sent for me to come to his hotel-the old Willard, on Pennsylvania avenue. I found him, on a nearer view, looking very little changed. He was older, of course; there was more gray in his hair; his whole face looked bleached.

were deeper graven; that was all. I asked for all the family, and he told me what there was to tell. Mrs. Johnson, I knew was still living, but poor Robert Johnson had died soon after his father returned to Tennessee. He spoke to me The grandchildren were growing up. He told me of his fight for

in his face; those that had been there

"And now," he said, "I want you to tell me where I can find notices about Grant in my scrapbooks. You remember where you pasted them in. I don't." He got the scrapbooks and I put slips of paper in to mark the references he wanted. As I rose

to go, he said: "Crook, I have come back to the senate with two purposes. One is to do what I can to punish the southern brigadiers. They led the south into secession, and they have had their deserts. The other-" paused, and his face darkened.

anked. "The other is to make a speech against Grant. And I am going to make it this session."

"What is the other, Mr. Johnson?" I

He made the speech in less than two weeks from that evening. It was a clever one, too, and bitter. Every point of General Grant's career which might be considerod vulnerable was very skillfully attacked. The fact that he had taken gifts and that it was suspected he desired a third term were played upon. Yes; Mr. he left the White House. He was the tration of the office.

Mrs. Stover, in eastern Tennessee. There,

lysis, and July 31, 1875, he died. It seemed as if, with his speech against President kept him fighting broke. The rest was

Busy Life of the Kniser, The German emperor rises at 5 a. m., and

He seemed finer to me, not less strong, but seats himself before a great desk and commences his labors. At 7 o'clock the emmore delicate. There were no more lines peror receives reports from his adjutants and ministers, devoting three hours to this task. During this interval he also audits bills for household supplies, scauning the accounts of tradesmen with great care, but there are lots more. At 10 or 10:30 the emperor breakfasts with his family, his favorite morning meal consisting of oatmeal, bacon and eggs. After breakfast the emperor usually goes for a stroll, but by 2 o'clock, at latest, he is back at his office.

Grant as President. A number of striking incidents of the dif-

ficulties of General Grant in changing his point of view from that of military commander to the chief civil magistrate of the is turned down, it naturally makes him feel United States are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in Carl Schurz's prevish to see the way she slobbers over the states are given in the states are give reminiscences in McClure's magazine, "The cleakroom of the senate," rays Mr. Schurz, "where senators amused one another with the gossip of the day, continued to buzz with anecdotes about President Grant's curious notions of the nature and functions of civil government. One of these ancodotes, told by a senator who was considered one of the best lawyers in that body and one of the most jealous of the charter of his profession, was particularly significant. He heard a rumor that President Grapt was about to remove a federal judge in one of the territories of the United States. The sens tor happened to know that judge as a lawyer of excellent ability and uncommon fitness for the beach, and he went to the president to remonstrate against so extreme a measure as the re-Johnson did what he had intended to moval of a judge unless there were cogent do, had been intending to do ever since reasons for it connected with the adminis-

"President Grant admitted that, as far as He went back home at the end of the he knew, there was no allegation of the consion, and then to visit his daughter, unfitness of the judge, but, he added, the and as sharp as those of parrots. governor of the territory writes me that

ient of the United States understand how finally becomes ambergris. different the relations between a territorial governor and a federal judge were from those between a military commander and his Grant, some spring of action which had staff officers. The anecdote was received by the listeners with a laugh, but the mirth was not far from headshaking apprehension. However, there being sincere and whales. perfect good will on both sides, things went on pleasantly in the expectation that sometimes earlier, if the press of business the military hero at the head of the govis unusually heavy. At 6 o'clock he reaches ernment would learn what he need to tegrate and finally be carried out to sea makes it into the extremely delicate his workroom, drinks a cup of tea or know and that the men in political places again by a high tide and the ambergris lubricating oil used for clocks and bouillon and eats a sandwich, and then he of power would treat him with due consideration and fairness."

Remarks of a Cynic. Some people are altogether too proper to be interesting. The fool and his money are soon parted,

It isn't what a man wants but what he has, that makes him contented. If the energy that wonmen expend in making fools of men could be concentrated but what's the use of speculating with impossible problems?

There are lots of things we should forget to remember, or remember to forget. The fellow who lands the first blow generally wins, but if we all waited for the other fellow to begin, there wouldn't be any fight.

any fight. When a fellow begs a girl for a kiss and

Wares of the Ambergris King

(Continued from Page One.)

or less of a tradition. In his thirty years' experience he has known of only one lot of ambergris found that the facts are actually known to him the substance was secured from the carcass of the whale. However, he does not deny that it is sometimes found by itself, eapecially as its origin is rather favorable to that circumstance.

"We don't know just what ambergris is," he said as he handled some small pieces reflectively. "We only know that it is the result of some disease or icritation of a whale's digestive organs. Sperm whales feed chiefly on squid or cuttlefish, which would perhaps be a better article of diet if they did not have beaks as hard

"Here are some of these beaks that I clung to and with the grandchildren he and is very anxious to be rid of him; and are the eyes and feelers of squid; all of

The senator closed able that the bony beaks and other in- or two manufacturers in this country use and buck dancing, and laughs at the old look at the people, the double woman, the his story by saying that he found it to be digestible parts of the squid irritate the the same proportion. Others put in four minstrel jokes that are resurrected each cute little horse, weighing only 76 pounds, a dell ate as well as a difficult job to make stomach or the intestines of the whale, ounces. the great general in the chair of the presi- causing the secretion of a substance which

blocking more and more the intestines. Finally the whale becomes so ill that it goes into the little bays or shallow water along shore. This is the custom with sick "There they may be caught, or perhaps

lieve that happens, for in all cases of which I know anything the ambergris was not found in the stomach, but in the extremity of the intestinal tract." Mr. Stull has earned his title of ambergris king by purchasing more of the rare substance than any other one man in the

world. But he does not buy on his own account. He acts as agent for the Paris dealer who supplies ambergris to the great French perfumers. He buys therefore on There is never a glut in the ambergris market. The variation in price is due not

to any oversupply, but to the difference in

the quality of the finds. Although the whalers are so much more on the alert to discover the substance there is not a great deal of it brought in for the simple reason that the whaling industry has so fallen off. It is picking up again, however. Several whalers go out of New Bedford now, and it is to New Bedford that most of the ambergris is brought. Mr. Stull runs up there, names the price he will give and if he gets it, has the stuff locked up in a safety deposit vault until he can communicate with his principal in Paris. There is another buyer in New Bedford, but Mr. Stull gets more ambergris "at first hands." as his card says, than anybody or indeed

far nothing which will take the place of ambergris as a base in the manufacture of perfumery. It is the best binder known. Dissolved in alcohol it holds also in solution the various oils and essences of which perfumes are composed.

The quality of a perfume depends very given up to the family associations he he cannot get along with that judge at all, have taken from ambergris. And here largely on the amount of amborgris it platform. The voice of the colored crier contains. The best French perfumers use attracts him to the show and he goes to
